Gamify How Gamification Motivates People

Gamify: How Gamification Motivates People to Do Extraordinary Things, by Brian Burke of Gartner, provides a must-have foundation in gamification for every digital marketer. The book introduces gamification, game mechanics and experience design. When the book was released in 2014, these topics had little to do with digital marketing.

Gamify: How Gamification Motivates People to Do ...

Gamify shows gamification in action: as a powerful approach to engaging and motivating people to achieving their goals, while at the same time achieving organizational objectives. It can be used to motivate people to change behaviors, develop skills, and drive innovation.

Amazon.com: Gamify: How Gamification Motivates People to ...

Something that employers, parents, coaches, presidents, and teachers all ask about; How do people get motivated? "At its core, gamification is about engaging people on an emotional level and motivating them to achieve their goals." (Burke, p.16, 2014). That's what the book is about. Understanding engagement

Gamify: How Gamification Motivates People to Do ...

The last thing you want to do is create a situation where your gamification has become additional work. If you have a jam-packed agenda, try to work your gamification into specific sessions or behaviors instead of making it something extra. 3. Create Rules. In order for gamification to work, you need a set of rules in place.

How to Drive Virtual Event Engagement with Gamification ...

Gamification is the use of game elements in applications that are not games. For example, a user experience designer can borrow elements from games, such as quests, stories, and badges, to motivate users to interact with a product, system, or service. Gamification changes the way customers experience and interact with your business.
